Frog Logic

Finding My People

CONNECTION, WITHOUT THE SMALL TALK

> Wanting friendship and finding the usual routes to it unbearable are not a contradiction. This works from shared interests and side-by-side time rather than eye contact and chat.

What I actually want more of

- ☐ One or two close people, not a group
- ☐ People who share the interest
- ☐ Doing a thing together, not talking
- ☐ Someone to be quiet near
- ☐ Text-based, low-pressure contact
- ☐ Other neurodivergent people

Places built around a shared thing

WHERE THE ACTIVITY DOES THE TALKING — LIST REAL, SPECIFIC ONES

My low-effort contact list

PEOPLE IT'S GENUINELY EASY TO BE AROUND, AND HOW THEY PREFER CONTACT

WHO	BEST WAY TO REACH THEM	THE SHARED THING

One small move this month

SENDING A MESSAGE COUNTS. IT COUNTS FULLY.

Wanting people was never the difficult part.
