I need a break

Show this card. Somewhere quiet, no questions, back when I'm ready.

For the grown-ups

- Go through the timetable the day before, and again in the morning.
- If plans change, change the cards and show the new order.
- Keep a quiet room free, and let the break card work without questions.
- Safe foods are fine on Christmas Day. So are ear defenders and screens.
- Expect a quieter day or two afterwards.
